

Win an Extraordinary \$25,000 EXTREME Technology Makeover

What would winning a total network makeover do for your business? If you could benefit from a technology overhaul that would make you more productive, allow future growth and increase your profitability, you need to enter this contest today.

The only requirements are that you are a member of a Chamber of Commerce and/or the GDITA, that a 5-user network fits your needs and that you would be willing to share your story on how this makeover changed your business.

Applications will be judged by an impartial panel: Chambers of Commerce: Dayton, Lima, Piqua and Sidney; Allen Economic Development Group, Greater Dayton IT Alliance & West Ohio Development Council. The winner will be determined August 8.

This \$25,000 retail value EXTREME Technology Makeover for a 5-user Network includes:

- ◆ 5 user Voice over IP phone system (SMS proVOICE)
- ◆ Managed Services (SMS proMANAGE) with patch-management for one year
- ◆ Microsoft Small Business Server (5 user) software
- ◆ HP Small Business Server
- ◆ Cisco switch and security appliance
- ◆ 5 HP workstations with Microsoft Office licensing
- ◆ Color Multi-Function Printer/Fax/Copier
- ◆ CA SBS bundle Security and Backup Software
- ◆ Professional Installation and Training
