Our Technology Expertise is Your Competitive Advantage.

Quality Without Compromise

LifeSize Video Center offers unique, useful features at a fraction of what any competitive HD solution would cost:

- Single appliance for quick installation
- Recording keys for organizing content and only showing it to the right audiences
- Easy, one button, intuitive recording and automatic publishing
- Real-time streaming and anytime, anywhere playback
- Simple video management and organization for executives and HR representatives
- User-controlled layouts of video and presentations, charts or data during recording and playback
- Unmatched capacity for simultaneous recordings, live and on-demand playback streams
- Up to 720p30 HD video — the quality you expect.

LifeSize Video Center allows the sharing of information that makes everyone feel like they are in the same room with a level of simplicity that allows everyone to join in. Whether your goal is to market faster, respond more swiftly to competitive pressure, improve your overall ROI or employee moral, LifeSize provides the solution. Your team at SMS proTECH can help you choose the proper solution for your needs.

"The cost of HD Technology is now low enough that almost all business should incorporate it into any planned overhaul of their communication infrastructure." – Gartner
